15 September 2009

Dear Parent, Guardian or Student,

You are probably aware that a new HPV vaccine has become available to protect against cervical cancer. As of this year the vaccine is being offered in secondary schools to all girls in Years 8, 10, 11, 12 and 13. Year 9 were offered the same vaccine in the last academic year. A course of three vaccinations will therefore be available at Chelmsford County High School between 16th - 19th November 2009, 8th - 9th December 2009 and 10th - 11th May 2010.

In the next few days you will receive a letter from Mid Essex Primary Care Trust providing further information about the vaccination, together with a consent form to be completed and returned to the school as soon as possible. Please return the form whether or not the vaccination is required as we need to have confirmation that all students in the relevant year groups have been offered this opportunity.

It is essential that the form is returned to your daughter's Form Tutor by Friday 2nd October.

Yours sincerely,

Dr D Noble
Acting Assistant Headteacher
