CHELMSFORD COUNTY HIGH SCHOOL FOR GIRLS - SEND INFORMATION REPORT

(Approved by the Academy Board: 25th June 2025)

<p>How does the school know if students need extra help or have special educational needs?</p>	<p>At CCHS we recognise the importance of early identification of a Special Educational Need (SEN) or disability (D) which may emerge at any stage during a student's education. It may be a long-term concern requiring ongoing support, or a short-term difficulty requiring a specific intervention.</p> <p>Information about your daughter's special educational needs may come from a number of sources including:</p> <ul style="list-style-type: none"> • Year 7 transition information from Primary School. • Year 7 transition information completed by parents. • Individual Welcome Meetings (specific questions relating to SEND will be asked). • Cognitive Abilities Test data. • Observations and work scrutiny. • Teacher feedback. • Parental concern. • Student self-referral.
<p>How will the School respond to such a concern?</p>	<p>Information from your daughter's subject teachers will be collated and then considered by the SENDCo in liaison with colleagues.</p> <p>The SENDCo will contact you either by phone or email to find out more specific and detailed information regarding your daughter's individual needs. An initial meeting may be arranged to capture your daughter's view, your parental perspective, and that of the School. Strategies will be discussed and agreed in conjunction with all parties and the SENDCo will draw up a Normal Way of Working Document (NWW) to provide guidance for support strategies for teaching staff.</p>
<p>What provision is there for students with Special Educational Needs?</p>	<p>If your daughter needs additional support, we will seek permission to place her name on the School's SEND support register. The School aims to ensure the fullest possible access to the curriculum for students on the SEND Register. In addition to the NWW, the SENDCo in liaison with you, your daughter, and your daughter's teaching staff, will create a One Plan (Action Plan for SEND provision).</p> <p>The School is especially mindful of the particular importance of personalised provision for children in the care of the Local authority who have SEND needs.</p>

(continued)</p>	<p>The One Plan document will outline your daughter's needs or difficulties and set long term and near-term objectives. This One Plan and the NWW will be shared with all staff who work with your daughter, promoting consistency of approach and encouraging maximum support and, in turn, progress for your daughter.</p> <p>School staff will support individuals at a level appropriate to their needs through effective differentiation in the classroom. We will have a flexible approach based on the needs and views of each student.</p> <p>Support may include:</p> <ul style="list-style-type: none"> • Targeted support for individual needs, e.g. Adjustment to teaching style. • Use of assistive technology and alternative methods for recording information. • Support with organisation and time management. • Small group programmes to develop social skills/wellbeing. • Access to the SEND Quiet Space • Mentoring by peers and/or teaching staff. • Study or homework support. • Adjusted timetable. • Access arrangements (e.g. extra time/ rest breaks) for examinations. These will be known and established as the student's normal way of working. The One Plan provision will be reviewed every term in consultation with the student and parents to ensure it addresses the needs of the student and evolves over time. <p>Should it become necessary, the school will work with parents and other agencies to make an application for an Education Health and Care Plan (EHCP) to secure funding for further support.</p> <p>In line with statutory duty, any student with an EHCP will have Preparation for Adulthood targets included in their EHCP from Year 10 onwards. Targets will come from the four categories detailed at www.preparingforadulthood.org.uk (Employment / Independent Living / Friends, Relationships and Community / Good Health)</p>
<p>Who will support my daughter in School and what training and experience do they have?</p>	<p>Every member of staff in School has a responsibility to support all students effectively. We have a number of staff who are Mental Health First Aiders. <p>How will I know how well my daughter is progressing?</p>	<p>Progress of students with SEND support is monitored formally three times a year in line with School assessment procedures. Internal tracking systems are used to highlight the progress of individuals as well as identified groups. Progress data is shared with parents several times each year, in written format as well as face to face at Parents' Evenings.</p> <p>The SENDCo is available to discuss individual students at any point, usually by appointment, to ensure privacy and confidentiality.</p> <p>In addition to the above, progress of all students on the SEND Support Register is reviewed termly, or more frequently, if necessary, as part of a student's SEND Provision. You will be invited into School for One Plan review meetings, where your daughter's overall progress and specific targets will be discussed.</p> <p>Documentation is shared in advance, and meetings held at mutually agreed times. Students are always encouraged to participate in these meetings.</p>
<p>How does the School know how well my daughter is doing?</p>	<p>The effectiveness of our provision is measured in the progress that individuals and groups of students make over time. The School is required to measure progress against CCHS curriculum standards and agreed criteria, as well as progress in individual social, emotional or behavioural targets. All students are carefully tracked, and overall progress is monitored by the Year Leader and the SENDCo.</p>
<p>How will my daughter be included in activities outside the classroom including School trips?</p>	<p>All activities and School trips are inclusive in nature; if your daughter wishes to attend a School trip, she may need some additional support, but steps will be taken to ensure all reasonable adjustments are made. Comprehensive risk assessments are carried out prior to a trip and an appropriate staff ratio is allocated. Thorough 'trip packs' are issued for staff involved. These will include information regarding your daughter's needs. There may be occasions when we meet or contact parents before a trip to agree arrangements. Should parents have specific concerns they should contact the trip organiser.</p>
<p>How accessible is the School environment?</p>	<p>All reasonable steps are taken to ensure there is adequate provision for all students with physical difficulties. When necessary, the advice of external professionals will be sought and followed.</p> <p>Most School buildings are accessible either at ground level or with a ramp or lift. Where there is a need for adjustment, all reasonable changes will be made to support your daughter as described in the School's accessibility plan. Disability toilets are available in the Main School, the Languages Building, Drama Studio, Sports Hall, Bancroft Building and the Music Block.</p>
