

Chelmsford County High School for Girls

We are keen to keep in touch with our former students and to keep you updated on school news.

Social Media for our Alumnae

We have an **Alumnae Facebook** page. This is a

closed (private) group for former students of CCHS. We update this regularly with stories of interest and photos from our earliest years right through to the present day. It is also an opportunity for you to keep in touch with your school, your friends and peers from CCHS, as well as to share photos and memories of your times here.

Please feel free to request membership: search for CCHS Alumnae on Facebook or use the QR code above.

Our **Alumnae Twitter** account is another way in which you can keep in touch with CCHS. You will see pictures and hear stories from through the years since 1907 to today. Search for @CCHSAlumnae on Twitter to join us in this open account or use the QR code here.

Our **Alumnae Instagram** (private) account can be found on Instagram at CCHS_Alumnae. Please join us here to view photos from through the years at CCHS, and to be reminded of events that have happened through the years from 1907 to the present day.
