Introduction

The **Pupil Premium** is a government scheme that was introduced in 2011 to improve the education of underprivileged children. It was launched after several research papers suggested that there was a significant gap between the educational performance of disadvantaged children and their classmates. In contrast to the rest of their classmates, many children who are eligible for pupil premium have to face extra challenges daily. These challenges can include attendance issues, lack of confidence and difficulty communicating with others.

The scheme aims to grant schools with extra funding so that they're able to provide additional support for children who are faced with these types of challenges. It's objective is to help schools unlock the learning potential of their pupils and provide them with a better education. It also aspires to narrow the gap of educational development between children of underprivileged backgrounds and their peers.

Who Qualifies for Pupil Premium?

Children can be eligible for the pupil premium for a variety of reasons. These include their family circumstances, such as their income or occupations, and whether or not they're in care. If a child is eligible, the school will receive the necessary amount of funding for each child per school year.

If your child has received free school meals, at ANY time during the past 6 years, they will be eligible for the Pupil Premium Grant. If in doubt, please ask your primary school teacher.

Who Qualifies for Free School Meals?

Families who receive certain benefits may be eligible for free school meals. Your child is eligible for free school meals if you're in receipt of one of the following benefits:
