SENDCo meeting notes (HP/SW)

Meeting Focus:

Following the visit by OFSTED in January, termly meeting update took place with the School's SENDCo (HP). An overview of the SEND provision (February 2024) was shared at the meeting.

On SEND register: **45** to date (3 EHCP and 42 K code), Y8, Y10 and Y12 each has 1 new registered student.

February 2024 SEND registrations: Y7 (3), Y8 (4), Y9 (3), Y10 (6), Y11(8), Y12 (13), Y13 (8), 45 in total. A further 65 students have New Ways of Working detailing exam access arrangements or general support advice.

Appropriate interventions and support to individual students with SEND in Year 9 (1) and Year 10 (2) have continued. Following a number of successful interventions by HP and CF, there is evidence of improved communication with the student in Year 9 their parents. Further work is ongoing on external educational access arrangements for a student with SEND in Year 10.

Work is nearly complete and on track regarding exam access arrangements across year groups, with 21 March 2024 timeline for relevant form processing (HP).

This term HP is planning all staff training on *Dyslexia and Dyslexia traits* with the support of Assistant HT, Teaching and Learning and Dyslexia Association.

SW thanked HP and CF for all the hard work, dedication and commitment to supporting staff, students with SEND and their families.

Svetlana Warhurst
Link Governor (SEND)
