5. OBJECTIVE SETTING

5.1 Performance management objectives ('the Objectives') will be set before, or as soon as possible after, the start of each appraisal cycle.

5.2 The Objectives set for each reviewee will be SMART (specific, measurable, achievable, realistic and time-bound) and the number of Objectives will be reasonable having regard to the nature of the role. Objectives will not be based on teacher generated data and predictions, or solely on the assessment data for a single group of pupils.

5.3 The reviewer and reviewee should each consider appropriate Objectives and should seek to agree them through discussion. In the absence of agreement, the reviewer will determine the Objectives. The Objectives, and any training and support identified (see 6.3 below) will be set out in writing and uploaded to our Performance Management system, SchooliP (Teachers) or SAMPeople (Support Staff).

5.4 The Board of Trustees will consult with the external advisor when setting Objectives for the Headteacher, if required.

Deleted: Governing Board

5.5 The Objectives, if achieved, will contribute to the school's plans for improving educational provision and performance, improving the education of pupils and improving and developing the performance of staff. To ensure this, Objectives will be quality assured against the improvement plan and moderated across the school to ensure consistency and fairness.

5.6 Objectives may be revised in-year where circumstances change, including where there are periods of absence.

6. MONITORING AND SUPPORTING PERFORMANCE

6.1 Observation

The School believes that observation is important both as a way of assessing strengths & areas for development and for gaining important information which can inform school improvement more generally.

All staff should expect to have their performance and work observed and assessed by their line manager, reviewer and/or senior leaders. This will include where relevant, formal and 'drop-in' classroom observations for the purposes of evaluating the standards of teaching, learning and student support and to check that high standards of professional performance are established and maintained.

The amount and type of such observations will be proportionate to the performance of the reviewee and the needs of the school. In most cases, no more than 10 observations will be undertaken per academic year. Where possible, notice and information on the focus of the observation will be given.

All observations will be carried out in a supportive manner and, in the case of teachers, by someone with QTS.

6.2 Feedback

Reviewees will receive constructive feedback on their performance throughout the year and as soon as practicable after observation has taken place or other evidence has come to light. Where appropriate, such feedback will be confirmed in writing.

6.3 Training and support

The School expects all staff to take responsibility for improving their own performance through appropriate continuing professional development. Professional development will be linked to the improvement priorities of the school and their individual job roles, priorities and ambitions. Specific support, guidance and training needs will be identified through the performance management process.

7. REVIEWING PERFORMANCE

7.1 All staff will be assessed on their overall performance taking into account: any professional standards applicable to that role; performance against their performance management objectives; the requirements of their job role and the degree to which they have taken responsibility for their own CPD.

7.2 Performance and development matters will be considered and addressed on a continuous basis throughout the year and there will be informal meetings as necessary to consider progress against objectives. There may also be formal review meetings during the year. Performance Management meetings will take place on the INSET day identified for that purpose or at a mutually agreed time.

7.3 At the end of the cycle, each reviewee's performance will be formally assessed. In the case of the Headteacher, the Headteacher's Performance Management Panel will consult the external adviser.

The reviewer and reviewee will meet to discuss progress against objectives and overall performance.

The reviewee will receive, and have an opportunity to comment on, written reflections which will include:

- An assessment of the reviewee's performance against the objectives
- An assessment of overall performance with particular reference to performance against the job role and any standards relevant to the role
- An assessment of how the employee and school have identified and met their training, development and support needs and the impact of learning on their performance;
- A recommendation on pay to the Headteacher (where applicable). Pay will not normally be withheld unless the employee is subject to capability procedures.

7.4 Absence

Where an employee has been absent during the Performance Management Cycle, performance will be assessed on the basis of any and all evidence available for the periods of attendance and where necessary on prior performance.

8. UNSATISFACTORY PERFORMANCE

8.1 Where there are concerns about any aspects of the employees performance the appraiser will meet the employee to establish an improvement plan. They will:

Deleted: 8.1

- inform the employee that they are going to be receiving informal support due to performance concerns;
- give clear and specific feedback to the employee about the nature and seriousness of the concerns;
- give the employee the opportunity to comment and discuss the concerns;
- set clear objectives and timescales for required improvement;
- agree any support (e.g. coaching, mentoring, structured observations), that will be provided to help address those specific concerns;
- make clear how, and by when, progress will be reviewed;
- explain the implications and process if no, or insufficient, improvement is made – e.g. commencement of capability procedure.

Deleted: If at any point in the cycle, evidence emerges that an employee's performance has fallen below the minimum standards expected of them, the reviewer or other appropriate manager will:
¶ explain the nature and seriousness of the concerns;¶ detail any previous discussions/support;¶ give the employee the opportunity to comment and discuss concerns.¶

¶ This may also apply where employees consistently fail to develop their skills & knowledge or to sustain the expected level of performance.¶

¶ Any concerns and subsequent discussion will be confirmed in writing to the employee.¶

¶ The manager will normally (see 8.2 below) set a monitoring period. This will involve: ¶ the setting of targets for future performance (in addition to existing Performance Management Targets);¶ agreeing any further support with the employee;¶ making it clear how, and by whom, progress will be monitored and when it will be reviewed;¶ explaining the consequences and process if no, or insufficient, improvement is made. ¶

¶ The period of monitoring will normally be between 4 and 8 working weeks and in any case shall only be as long as is necessary to allow reasonable time for improvement and this will depend on the seriousness of the issues and individual circumstances. Exceptionally, an extension of not normally more than 4 weeks may be granted, where there has been significant improvement or there has been significant absence during the monitoring period.¶

The improvement plan review period will normally be a minimum of six weeks and in any case shall only be as long as is necessary to allow reasonable time for improvement and this will depend on the seriousness of the issues and individual circumstances.

Regular contact will be maintained throughout the monitoring period to review and support progress.

8.2 Where underperformance concerns are particularly serious, and/or where there has been insufficient improvement following any monitoring period, the performance

On the conclusion of the procedure, data collected will be held in accordance with the school's retention schedule. Inappropriate access or disclosure of employee data constitutes a data breach and should be reported in accordance with the school's data protection policy immediately. It may also constitute a disciplinary offence, which will be dealt with under the school's disciplinary procedure.
- 9.2 The performance management process and related paperwork will be treated with confidentiality. However, performance management paperwork may be shared beyond the reviewer and reviewee in the following circumstances:
- with senior leaders for the purposes of quality assurance;
