

PA REPORT – July 2018

I attended the PA meeting on 8th June.

It was suggested that the PA investigate the possibility of acquiring Co-op cards. These are reward cards and could be distributed to students, families and staff with the School's permission.

The quiz will not go ahead and will be discussed again in September.

The PA have agreed to fund the Sixth Form event on 6th July.

The PA have agreed to fund the following items on the wish list:

Marquee

Display frames for Drama

Visualisers for Modern Languages

Physical computing devices for KS3 lessons

Reversaboard for PE

Go Pro camera and waterbath for Biology

PH probes and electrodes for Chemistry

Digital thermometers and sound level meters for Physics

Cordless drills for STEM clubs

Replacement LED lights, sub bass bin, stands/scaffolding units for Hall

These items total £8,312.

It was agreed to defer the funding for the trampoline until the next Academic Year, when the bank account will have been replenished.

The PA continue to assist with refreshments when requested to do so.

The clothes bins and second hand uniform sales continue to be an easy source of income.

As always our thanks must go to the members of the PA who continue to raise considerable sums of money for the School.

Rosalind Cornish

Governor PA Representative
