

## **ADMISSIONS POLICY 2024 - CONSULTATION RESPONSES**

	<b>DATE OF RESPONSE</b>	<b>NAME OF SENDER</b>	<b>CATEGORY OF SENDER</b>	<b>FOR / AGAINST/ NEITHER</b>	<b>RESPONSE</b>
1	03/01/2023	Mrs Ramandeep Sandhu	Unknown	For	The exam should follow the same process as KEGS - this puts too much pressure on the children and parents to focus on two very different sets of exams.  (Website reply)
2	04/01/2023	Mr Jonathan Wong	Unknown	Against	Up to 20% (36) of year 7 admissions will be dependent on score and irrespective of their address. This proportion is too high in my opinion. More spaces should be allocated applicants that live within the priority area or local to the school.  (Website reply)
3	05/01/2023	Mr Dindi Gatram	Unknown	For	Could you please make the criteria for in-catchment (12.5 miles and 144 places) allocation of year 7 admissions clear? The proposed guidelines suggest that the candidate needs to be in the catchment area by 31st October in Year 6. Does this mean that the children can move into the area after results are announced?  (Website reply)
