Overall Please note that target grades are no longer given to GCSE students, instead they all have a target grade of "7-9". This decision was research driven, based on the impact target grades can have on attainment. Comparing the distribution of this cohort to previous years we see a slight downshift in the percentage 7 - 9 grades for TA2 (aprox. 3%). History and Latin indicate good progress for students and is roughly in line with previous years performance. Students in English Lit and Lang continue to make good progress since the mock examinations. Measures, such as, additional assessments and interventions have been implimented to maximise student progress.
