Development Points

Code	No.	Code Meaning
IO	19	improve organisation of work and equipment and/or meeting deadlines
AS	55	ask for additional support from her teacher(s) more regularly
IE	4	improve engagement, concentration and/or behaviour in lessons
IH	2	improve standard of homework
IW	8	improve standard of written work
IP	3	improve standard of practical work
PR	63	improve preparation for tests and assessments
CW	10	improve standard of coursework
AT	0	improve attendance

Please note: Target grades are no longer given to GCSE students. Instead they all have a target grade of '7-9'. The decision was research driven, based on the impact target grades can have on attainment. These are a positive set of outcomes and puts us slightly above our headline figure for 2022 (0.3%). The average grade for the cohort is also slightly higher than in 2022 (0.2 increase). When comparing the results to the previous cohorts, there are increases in Biology (4.5%), German (11.3%) and PE (12.1%) in their individual headline figures. Outcomes in Chemistry, English, History, Latin and Music are also strong (with headline figures above 90% 7-9). Outcomes in Maths, saw a slight decrease compared to the previous cycle (-1.8%), and also in Spanish (-13.8%). For context, the number of students studying Spanish is lower this year than the previous, which impacts this percentage figure.
